TechnoFunda Analysis

**Stocks are
fundamentally sound
and technical analysis
gives effective entry
and exit points**

**Follows principle
of “Buy at every
lows and sell at
every highs”**

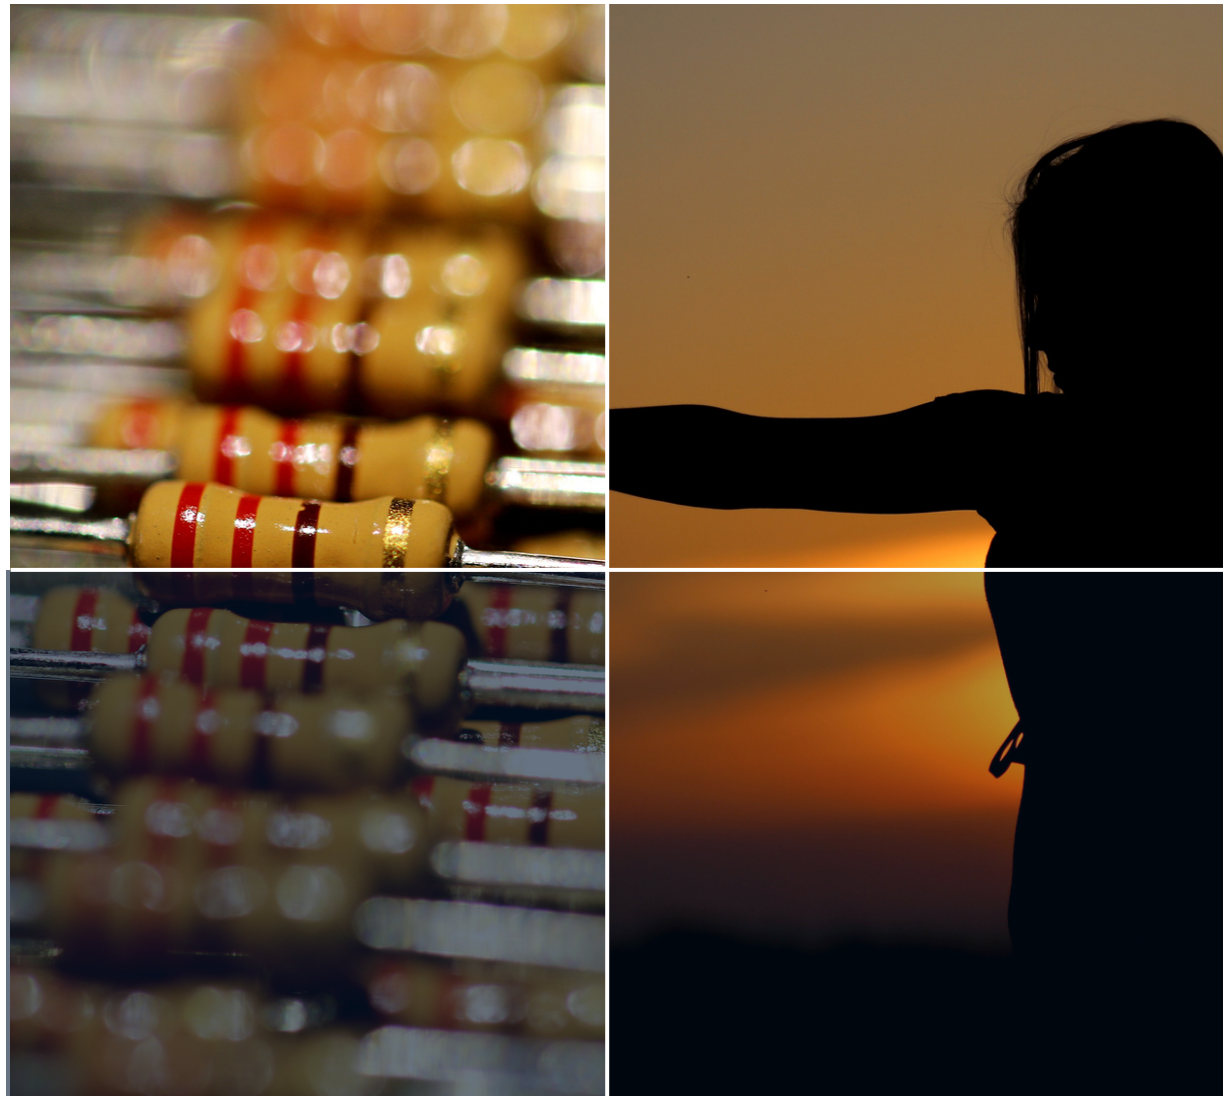

3 Entry Levels & 4 Exit Levels

**First level is at CMP and
other 2 levels are at a
gap of 2-10% and exit
levels are a gap of
2-50%**

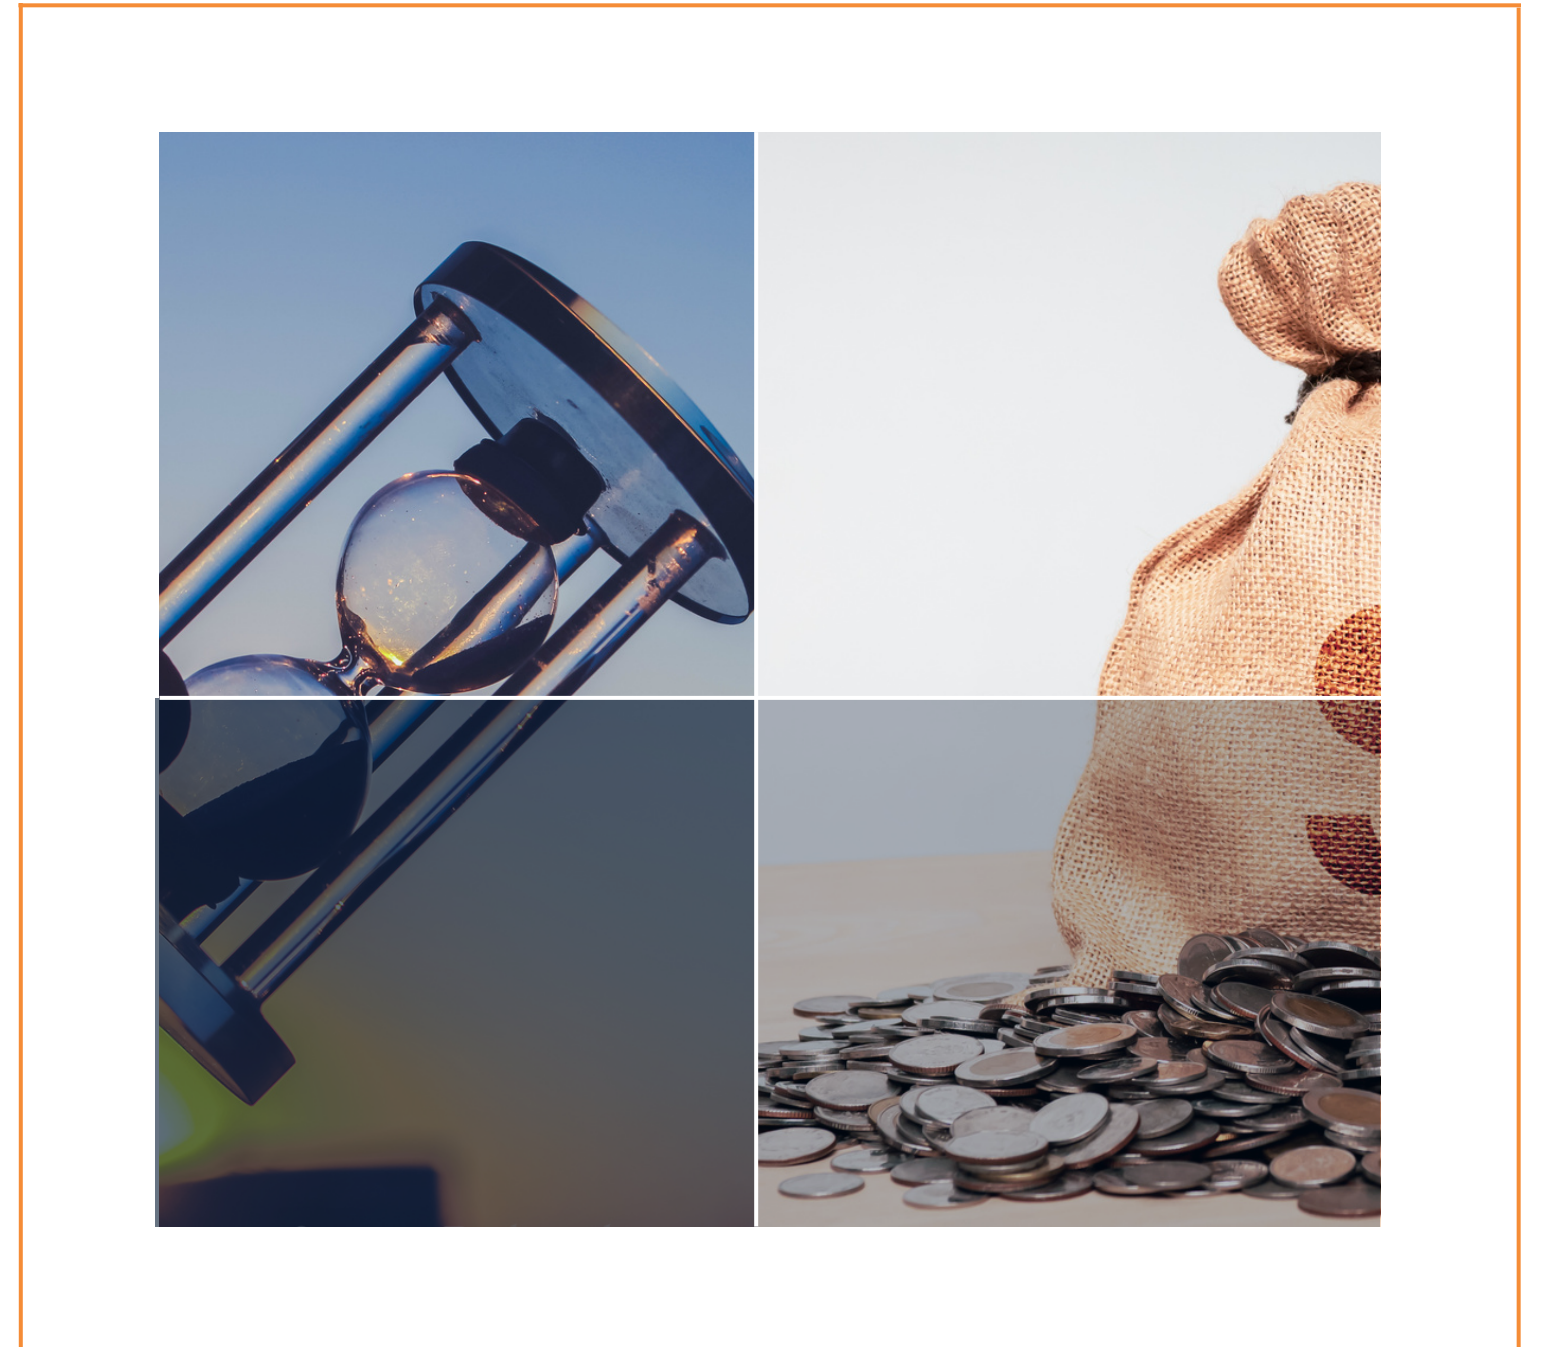

Untimely Exit Call

**During times of change
in company policies or
sector policies**

**Holding Period
Upto 1 Year**

**Medium to High
Risk Product**

**Advisory Subscription
Rs. 1199* Per Basket
&
Rs. 119* Per Script**

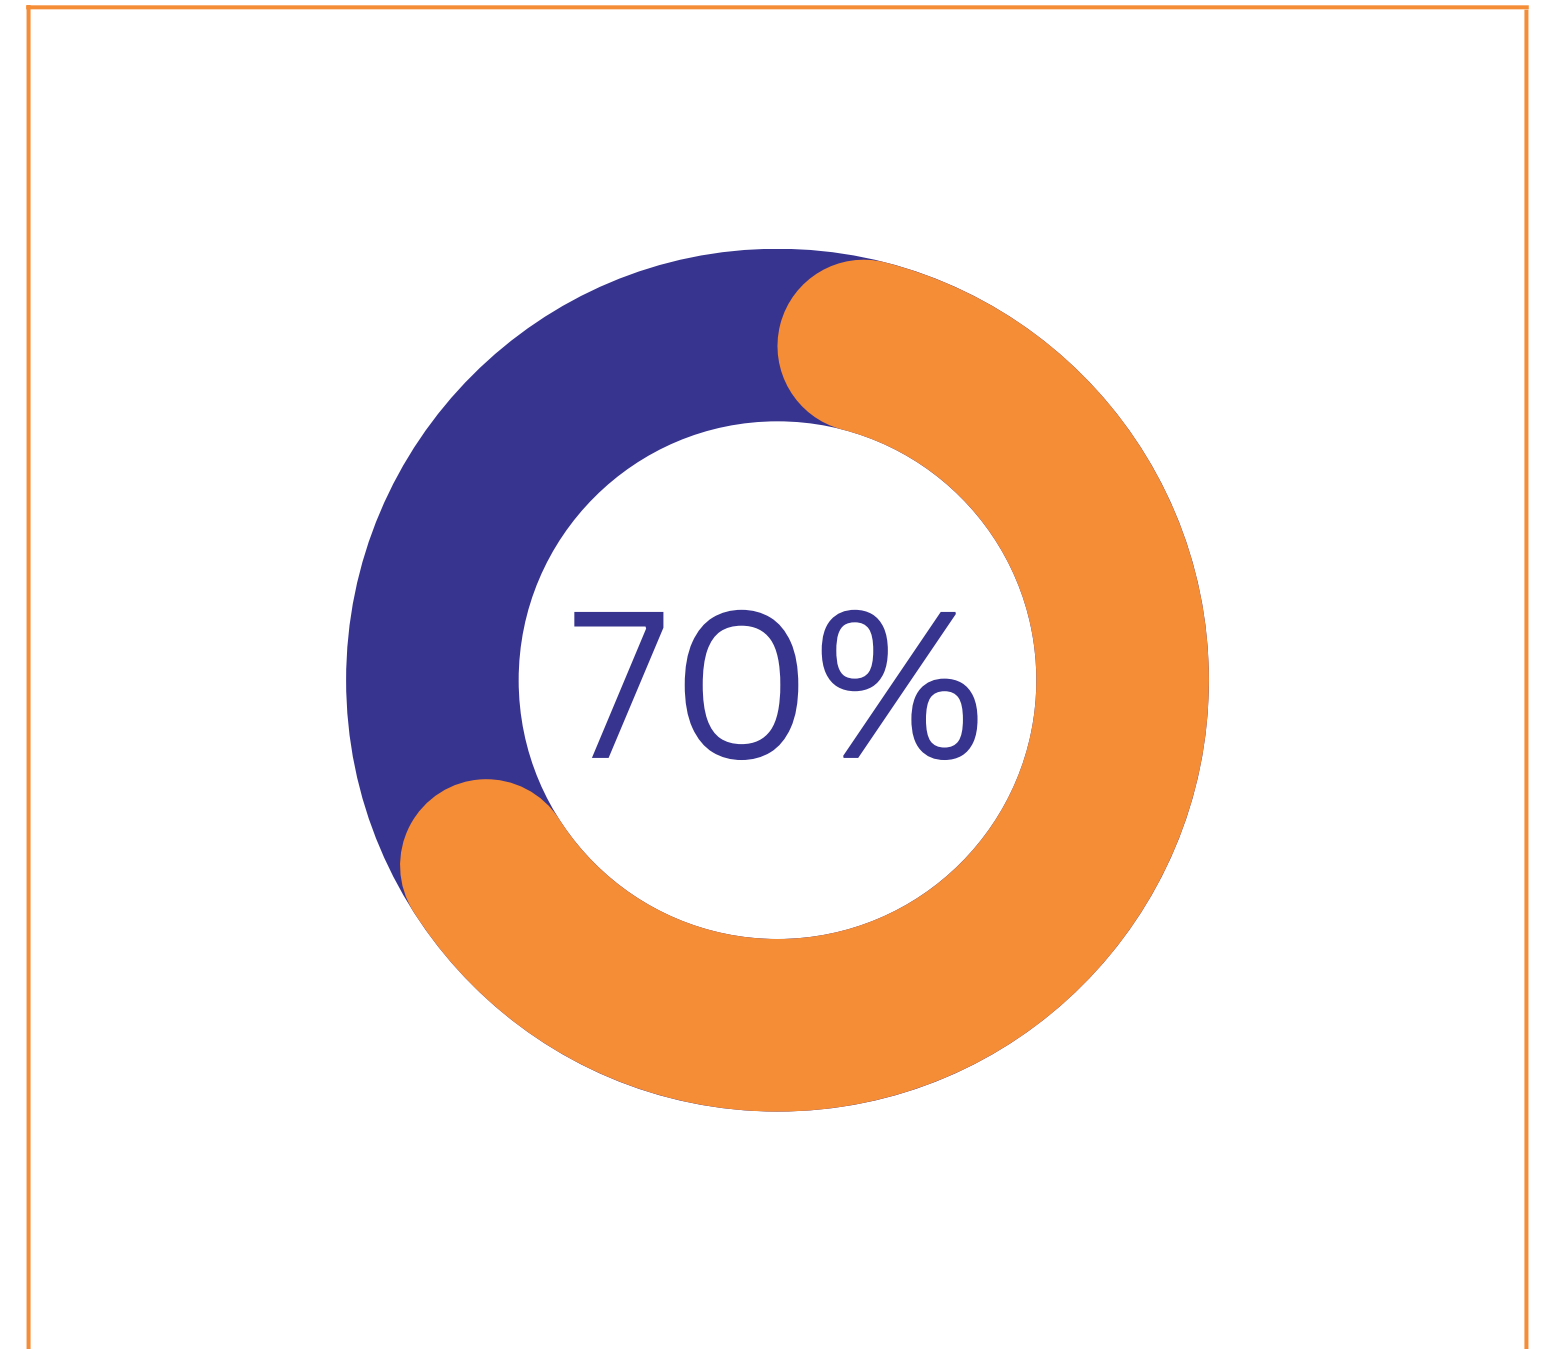

Prices are inclusive of 18% GST

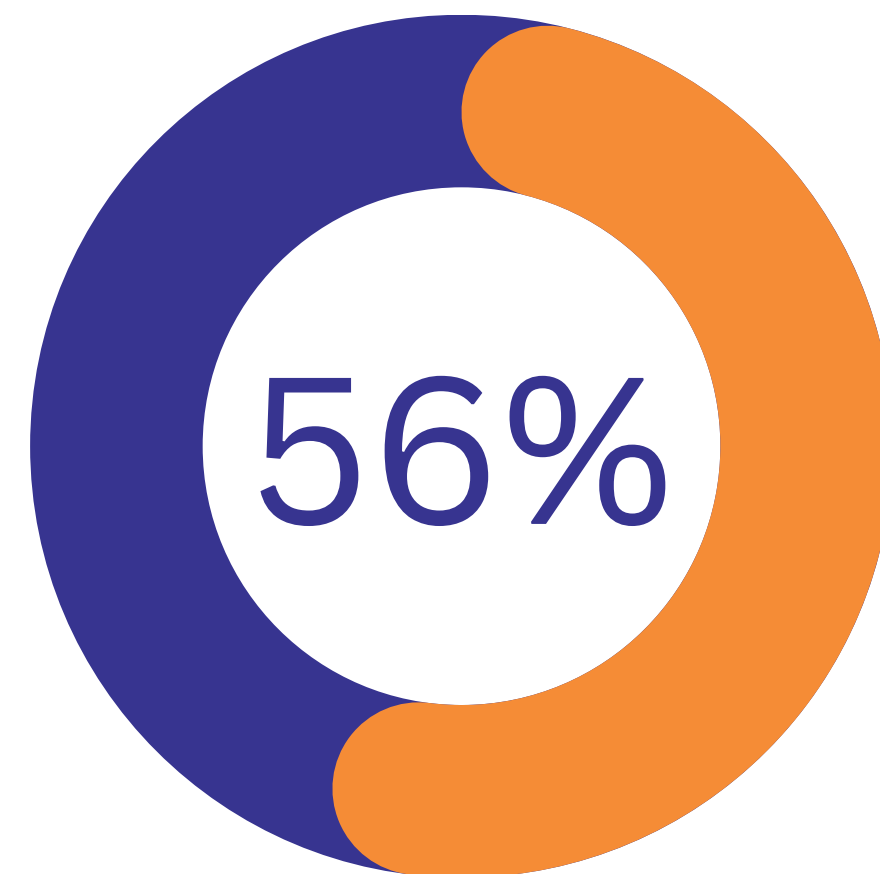

Performance For The Year 2023

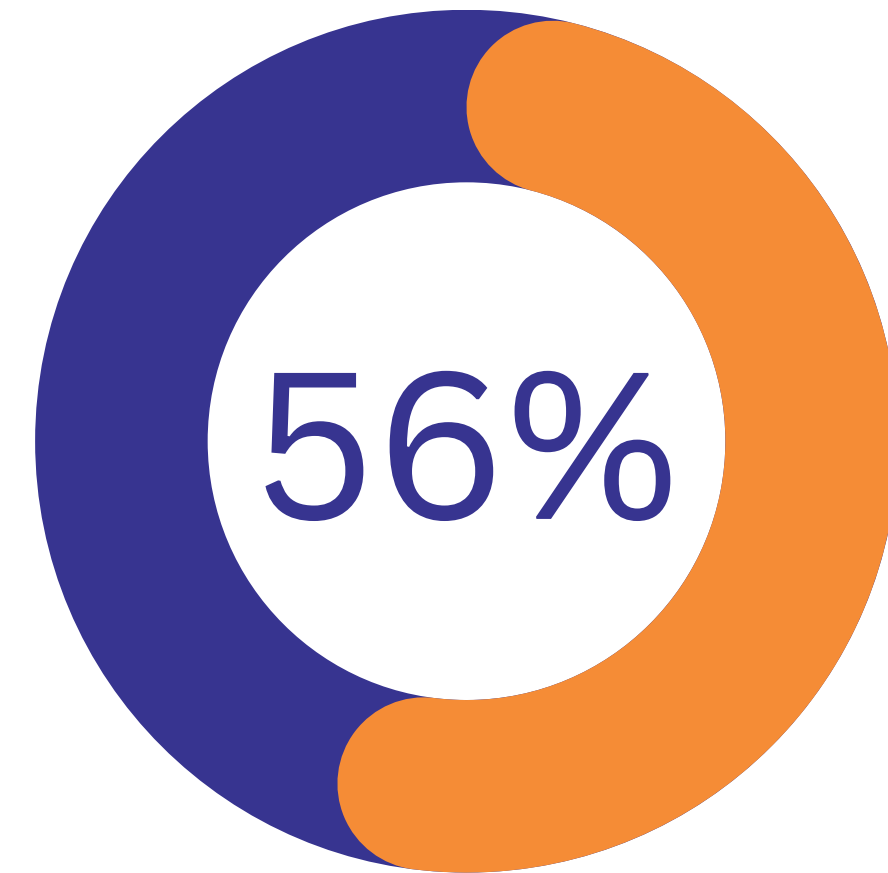

Highest Stock Return Achieved This Year

**Out of all our stock
recommendations
throughout the year,
56% of them
achieved all their
targets**

**Out of all our stock
recommendations,
84% of them achieve
their first target in
three months**

Always Remember!

**" Return From Strategy Is Far
Better Than Return From A
Product"**
